

About Cookies and things . . .

No cookies are in use on this site!

At least, none are there deliberately, but in this day and age, maybe some third party might use them, this site certainly does not.

We do not have adverts on this site, neither 'pop-up' or otherwise; any such ads that you do see will be being offered by your web-browser. Consult your local computer expert or a handy teenager as to how to block them!
