

About Cookies and things . . .

The only cookies in use on my site are for Google Analytics, a web analytics tool that helps us understand how you engage with the website so that we can improve it.

Google Analytics collects the information anonymously and reports website trends without identifying you personally. You can opt out of Google Analytics without it affecting how you visit the site (or any other site) by visiting this [Google page](#).

We do not have adverts on this site, neither 'pop-up' or otherwise; any such ads that you do see will be being offered by your web-browser. Consult your local computer expert or a handy teenager as to how to block them!
